Prizes will be awarded on the scales shown at the beginning of each entry section.

26. ROSETTES

No animal will be allowed to wear a rosette or ribbon other than those issued by the Society. No rosette or ribbon may be displayed during judging which has been awarded in a previous class.

29. PAYMENT OF PRIZE MONEY

Prize money awarded at the Show, where there is no dispute, will be paid to the exhibitor on the day of the Class. The payment of prize money will be made on production of a signed steward's certificate. Prize money will only be paid from 3.00pm until 4.30pm on the day of the class. Winners of trophies must give the Society a written **guarantee to return the cup in good condition to the showground not less than six weeks prior to the next show** and that, in the event of loss, the amount of its value be made good to the Society by the holder. Trophies must be returned engraved and sent by recorded delivery. The Society will not be held responsible for any failure on the part of donors, or others, to produce cups or special prizes offered for competition in the schedule or catalogue, nor will the Society accept any liability in respect of the description of trophies and special prizes as printed in the schedule and catalogue.

JUDGES

31. JUDGES

The Judges are instructed to withhold prizes where the entry is not of sufficient merit and, in awarding prizes, the Judges are instructed to make their awards according to the relative merits of the exhibits for breeding purposes in breed classes. If, in the opinion of the Judges, any animal appears to be unfit for breeding purposes, the Judges shall be at liberty to have the animal examined by one of the Society's Veterinary Surgeons, whose opinion shall be considered to be final and conclusive and, if he/she so directs, the animal will be disqualified from taking a prize which might otherwise be awarded to it. No person other than a Steward or authorised Official of the Society shall enter a ring when judging is in progress, nor shall have any communication with the Judges during the time of judging. All exhibitors and their agents acting in opposition to this regulation shall forfeit such prize as may be awarded to their exhibit.

32. CHANGE OF JUDGE

Should an exhibit be put forward for competition which was either bred, or previously owned by the officiating judge, then a referee may be introduced at the request of the Chief Steward of the section. The onus of an animal being exhibited in a class judged by a person who has had a financial interest in the animal, or which has stood in his stable etc, must be on the exhibitor. The exhibitor will know who is judging from the schedule whereas the Judge will not know which animals are coming before him until he arrives in the ring. If there is an unforeseen change of judge, then the exhibitor may stand down from the class and entry fees will be refunded or accept a referee appointed by the Livestock Secretary to judge the said animal.

EVERY EFFORT WILL BE MADE TO INFORM EXHIBITORS OF A CHANGE OF JUDGE.

49. INTERPRETATION OF REGULATIONS

The Shropshire & West Midlands Agricultural Society reserves the sole and absolute right to interpret these or any other prescribed regulations, conditions, and prize lists, and to settle arbitrarily and determine all matters, questions, or difference in regard hereto, or otherwise arising out of, connected with incident to the show. CATTLE SECTION

CATTLE REGULATIONS

1. TIMES OF ARRIVAL, JUDGING AND DEPARTURE

Times will be STRICTLY adhered to and are as follows:

ARRIVAL – Cattle may be brought in after 3.00pm on Friday, 24th May and before 8.00am on show day, Saturday, 25th May

No animals will be allowed in after 8.00am on Show Day

JUDGING – ALL Judging will commence at 9.00am

DEPARTURE – Departure will be allowed AFTER the Grand Parade. Only animals with a Veterinary Certificate can leave before.

Exhibitors are welcome to stay overnight until Sunday, 26th May should they wish to do so with prior agreement and adhering to any TB regulations enforced at the time.

2. TUBERCULOSIS AND BRUCELLOSIS ORDERS

At the date of entry and at the Show, cattle must be from herds which are free from restrictions imposed under and do not need to be TB tested to attend.

The Tuberculosis Order 1984.

The Brucellosis Orders.

Additionally, entered animals must not themselves be under individual restrictions. An animal entered for this Show must not be consigned to the Show if, after entry, either it, or the herd to which it belongs, becomes subject to Movement Restrictions.

3. BVD, IBR AND LEPTOSPIRA HARDJO

It is recommended that all cattle over 42 days old should be vaccinated against BVD. Health status protection cannot be guaranteed for cattle coming from IBR or Leptospira Hardjo herds (elite or monitored) and exhibitors should refer to the Cattle Health 2002 Scheme.

4. CATTLE CALVING AND ABORTIONS ON THE SHOWGROUND

Animals calving prematurely or showing signs of aborting (eg abnormal discharge) must immediately be placed in temporary isolation. This temporary isolation must be provided by the use of straw bales, ropes, notices etc. and a responsible stockperson must be in attendance pending further action by the Show's Veterinary Officer. If an animal calves or aborts before it can be isolated then full precautions must be taken to isolate and disinfect any possibly contaminated standings, bedding, utensils, vehicles etc. On no account must the animal concerned, nor any material from it, be removed from the stall without the authority of the Show's Veterinary Officer. It is essential that no personnel or other animals have contact with any animal that has aborted or shows signs of aborting.

The Show's Veterinary Officer must be notified immediately and he, in turn, will notify the Divisional Veterinary Manager. An isolation notice will be served on the owner or person in charge of the animal and a full range of samples obtained. The animal under investigation will remain in isolation whilst on the Showground. Arrangements will be made for any animal subject to an abortion/premature calving enquiry, and for other animals at the Show originating from the same herd, to be returned to the premises of origin as soon as possible. The owner, or his representative, will be responsible for the removal of such animals from the Showground. The suspect animal must be isolated during transit.

An animal calving or showing signs of calving at full term must be placed in isolation. Where an animal calves at full term and the owner arranges for a blood sample (Rose Bengal Plate Test – RBPT) and microscopic examination of a vaginal smear and the results are negative then the animal may leave isolation and, at the discretion of the Society, may return to the cattle lines.

5. UNRULY ANIMALS

All cattle must be secured to the satisfaction of the Stewards who shall have the power to exclude from the Showground any vicious or unruly animal. Animals with a previous record of unruly behaviour should not be brought to the Show.

6. CATTLE PASSPORTS

Passports (CPP 1 or CPP 13) are required for all bovines born on, or after 1st July, 1996. The passport must accompany the animals and remain on the showground for the duration of the animals' attendance. The movement to and from the Show should be entered on the passport.

7. CATTLE ACCOMMODATION

Cattle will be accommodated in permanent open-sided covered buildings

Each Exhibitor's cattle will be stalled together by Breed. Where an exhibitor has entered cattle in both Breed, and Commercial classes, his breed will be stalled in the Breed Section and his Commercial entries in the Commercial Section unless there is room to stall all together.

Straw is not provided. Exhibitors should bring their own straw.

All cattle lines must be cleaned out by 7.30 am on show day.

Water is provided to the cattle lines. All cattle washing must take place in the cattle wash area.

All animals must be double-tied and must be halter-led during judging and parades. Any animals considered to be unruly will be asked to be placed in a position deemed suitable by the steward.

8. CLASSES

All cattle entered for competition shall be exhibited in the class for which they are eligible on the days of the show.

Stewards have the right to split or amalgamate classes if there are insufficient entries in a class or if a class is oversubscribed.

9. EXHIBITOR-BRED – QUALIFICATION

An animal carrying the exhibitor's prefix will be deemed to be exhibitor-bred regardless of any embryo breeding issues.

10. ORDER OF JUDGING

Classes in each Breed will be judged in the order printed in the catalogue.

11. JUDGING

In the event of a judge knowingly encountering an animal in which he/she has had a past financial or breeder interest, it is the Society's practice for the steward of that Section to arrange for another judge.

12. GRAND PARADE

Exhibitors must ensure that cattle handlers are sufficiently experienced to cope with the potential risks involved and that animals are equipped with suitable restraining equipment. Exhibitors must ensure that young handlers under the age of 18 years old will not be allowed to lead any animal over 18 months of age in the Grand Parade. Furthermore, in the case of young handlers, exhibitors are required to ensure that proper adult supervision is provided by a competent person at all times. The adult must not be leading another animal and must be able to take charge if necessary.

All 1st, 2nd and 3rd placed prize exhibitors in the cattle classes are requested to parade in the Grand Parade. Other prize winners may parade if they wish. Exhibitors must wear numbers and rosettes. Failure to parade renders the exhibitors liable, at the discretion of the Society, to forfeit all prize money to which he would otherwise be entitled. The steward will report the numbers of those exhibitors not brought out.

Chief stewards may use discretionary powers to excuse the parading of prize winning animals in the following circumstances: (a) When an exhibitor has more prize winning animals than attendants. (b) Through illness of an exhibit as confirmed by the Society's veterinary officer. (c) Where an animal is unruly, likely to upset, or be a source of danger to other animals, attendants or the general public. It is the responsibility of the exhibitor to obtain an exemption.

Every leader of an animal entering the parade will be given a number with a chance to **win £100** in the parade if their number is drawn, this is sponsored by the Cattle Committee Members as a thanks for supporting our show.

13. CROWD SAFETY IN CATTLE BUILDINGS

In the interests of public safety, the cattle lines will be closed whilst the main movements of cattle for judging and parades are in progress. Cattle exhibitors' pass will admit them to the cattle lines at all times. This badge is not transferable and no-one, other than pass holders will be allowed to enter. No dogs or pushchairs are allowed down the cattle lines at any time.

14. HANDLING OF BULLS & NOSE CLIPS IN FEMALES

All bulls aged one year and above must have nose rings in workable order. Rings should be in place not less than two months before intended use as a handling aid.

Bulls must be handled and led in accordance with the Health & Safety Executive Notes of Guidance. All bulls over 12 months old must be double tied.

During the period of the show that is open to the general public, mature bulls must not be left unattended. All bulls over two years of age must have two handlers in attendance, both in the ring and in the parade. Bull handlers must be aged 18 years or over and/or been trained in the handling of bulls before the show.

All beef female cattle should be trained for the use of nose clips in case they are required to be used at any time during the animals time on the show ground. It is the exhibitor's responsibility to make such arrangements and to make such decisions unless advised by a show official.

DAIRY CATTLE SPECIFIC:

15. IN-MILK OR IN-CALF

No cow, unless in-milk or in-calf, will be eligible for a prize. If in-milk she must be certified either at the date of entry, or between the date of entry and that of the Show, to have a living calf or that the calf, if dead, was born at its proper time within 12 months preceding the date of the Show. A formal certificate to this effect must be signed by the exhibitor. The date of last calving must be entered on the certificate.

No cow, or heifer, entered as in-calf, will be eligible for a prize unless the expected date of calving is entered on the entry form. All cows or heifers entered for competition as in-calf must calve within four calendar months of the Show, except where otherwise specially dated under their class conditions.

In the in-milk classes of all breeds, the judges may, at their discretion, order any or all of the Exhibits in a class to be milked out in the judging ring.

16. MILK AND BUTTERFAT RECORDS

In all classes or sections, where milk and/or butterfat records are required to qualify for entry, an exhibitor must give the necessary yields on the entry form or, if this is not possible at the time of entry, supply this information to the Secretary before the opening of the show. The Society reserves the right to call upon exhibitors at any time to prove the correctness of the information given and, if it shall be proved to the satisfaction of the Council of the Society, whose decision shall be final, that any exhibitor has knowingly signed an incorrect certificate or supplied false information, all awards made to such exhibitor in any class may be cancelled and they may be disqualified from exhibiting at future shows of the Society.

17. CLEAN MILK PRODUCTION

A milking bay is sited adjoining the Milk Depot. No machine milking is permitted in the cattle lines. Exhibitors must provide their own units.

18. CLEANLINESS

Exhibitors and Stockmen are requested, in the interests of hygiene and public relations, to comply with the Milk and Dairy Regulations 1959. Exhibitors should provide clean, washable outer clothing and head covering, foremilk cups and udder-washing equipment.

19. SEALING OF TEATS

No animal shall have its teats sealed or its udder faked in any way. Any infringement of this rule will result in disqualification of the animal concerned and the exhibitor shall be reported to the Council.

PLEASE NOTE: Exhibitors in their own interests, are advised to read carefully the General Show Regulations in this schedule before making their entries.

BEEF RECORDED BULL

Judge: Mr Peter Rowe, Liskeard

KINDLY SPONSORED BY ABP

All beef cattle breeds recorded bulls can be entered.

The objective of this section is to identify bulls which best combine beef performance and conformation desirability in relation to their breed type.

Entry fee and prize money as per the schedule (entry by closing date as all other classes).

Conditions of Entry

1. The judge will place the animals in order on confirmation only until all animals have been placed.
2. The judge will then be asked to point the animals on confirmation with the first animal getting the equivalent points to the highest animals points scored on performance, the last placed animal will get the equivalent to the lowest animals points scored on performance of the animals in the ring (these figures can be doubled to give a wider margin if it's felt necessary by the judge & steward on the day)
3. The judge will then use his/her discretion to award points to the rest of the animals in order between the 2 previous figures.
4. Once the judge has awarded points to all animals in the class the steward will then add the points for each animal given by the judge to that animal's performance points.
5. The animal with the highest combined total of Performance and Judges Points will win the class. In the event of a tie the animal with the highest Performance Points will be the winner.
6. The judge WILL NOT KNOW the performance figure of any animal forward until after the result is declared.
7. All animals must be ABRI or Signet recorded and must have a Terminal/Quality Beef Index score of average or above for its breed.
8. The animal will score performance points equivalent to points in relationship to its % above its own breed average.
9. For example, an animal 40% above its breed average on Terminal/Quality Beef Index will score 40 performance points, while an animal 2% above its breed average on Terminal/Quality Beef Index will score 2 points.
10. Points will be worked out to the nearest available whole % points without going over.
11. All points will be worked out from the relevant breed society web site data base on or as near after the 1st May in the year of the show.
