## Dear Trade Exhibitor,

Applications for the 141<sup>st</sup> Lincolnshire Show are now open and we hope to welcome you to the county's flagship and largest event. You, our exhibitors, are one of the key factors that make the Lincolnshire Show what it is and we hope to see you exhibit and celebrate the very best of food, farming and the countryside.

After each Show we review all feedback received and make slight alterations to the event layout and it's processes so we urge you to read this guide fully to understand any changes. It is also the responsibility of each exhibitor to brief all contractors, especially in regards to set up and breakdown – so please ensure all relevant information is communicated with your contractors.

Throughout the year we will also send email communication regarding any new additions/processes etc so please keep an eye out for this information, along with regularly checking our social media. Final information will be posted to you in late May/early June along with all passes and tickets so please ensure you have ordered all that is required by then!

Below are some key points to consider when applying to exhibit:

- All exhibitors wishing to attend the Show are requested to complete and return the trade stand application form, via the electronic link supplied. You must also include:

Applications to new exhibitors open on 15<sup>th</sup> January and any space can then be let. All applications received after this date are subject to a 3% cost increase.
- All exhibitor stands are worked out in 3m frontages (as detailed on the trade price list). Non-standard sizes will be considered, so please contact the team to discuss.
- **Payment:** A 25% deposit is due once the Lincolnshire Agricultural Society (LAS) has processed your application to secure your booking with the balance due on or before 15<sup>th</sup> March. The LAS reserves the right to re-let any site which has not been paid for in full by 12<sup>th</sup> March 2026. Applications made after 16<sup>th</sup> March 2026 must be paid in full once the LAS have processed your booking. Any exhibitor (except for those within the Lincolnshire Lifestyle marquee) who is a member of the Lincolnshire Agricultural Society will receive a £48 (inc.) discount on their trade stand site fee. For more information on becoming a member see page 28.

# CANCELLATION OF EXHIBITS/ TRADE STANDS

If an exhibitor withdraws from the Show, the following scale of cancellation charges will apply:

Before 15 <sup>th</sup> March 2026	Loss of deposit (25%).
From 16 <sup>th</sup> March to 30 <sup>th</sup> April 2026	50% of the total stand cost.

**Full payment is due on or before 15<sup>th</sup> March 2026. The LAS reserves the right to re-let any site which has not been paid for in full by 16<sup>th</sup> March 2026.**

## PLEASE REMEMBER THE FOLLOWING POINTS WHEN APPLYING FOR A TRADE STAND

- Stand sizes are detailed in metres (frontage and depth e.g 3x9m is 3m FRONTAGE & 9m DEPTH).
- Boundaries of sites are clearly marked and in no circumstances will exhibitors be allowed to occupy a larger space than they have purchased. All stands will be marked with their stand number on a flag at the bottom left of the stand (as you look at the front of the stand). It is the responsibility of the exhibitor/contractor to check the stand number before unloading to ensure they are on the correct stand.
- Exhibitors must book enough space to accommodate tow bars, guy ropes, footplates, flooring and marquee structures as well as vehicles you may wish to have on or behind the stand including stock vehicles and caravans. If in doubt please do check with your marquee contractor.
- Any encroachment on adjoining trade stands will not be accepted by the LAS and may result in an exhibitor being asked to move their stand (at a cost to the exhibitor) or asked to leave the Showground. In such a situation, no refund will be given.
- The LAS shall not be held responsible for loss or damage caused by an error in the allocation of space or through the encroachment on space by another exhibitor.
- **Each year we are seeing more exhibitors encroaching on their neighboring stand, which causes a number of issues on set up days. Please ensure you book the correct amount of space required for your stand and all of your infrastructure.**

# WHAT TO EXPECT WHILST ON SITE

## CONTRACTORS / EXHIBITORS ARRIVAL / SITE INDUCTION

All contractors and exhibitors must take part in a site induction prior to accessing the site. An electronic induction will be sent to you prior to your arrival at the Lincolnshire Showground. This induction must be completed by each staff member/contractor who will be coming on site.

Once you have arrived on site and the induction is shown as complete, all contractors will be issued with a wristband that must be worn at all times on site, prior to commencing any work.

Anyone coming on site, must wear appropriate PPE and everyone must wear a hi-vis regardless of how big or small your stand is.

## STRIKING THE GROUND PERMIT

**Notification Requirement:** Any contractor wishing to strike the ground must notify Lincolnshire Agricultural Society (LAS) staff, Show security, or stewards before doing so.

**Underground Utilities:** The LAS has water, telephone, Wi-Fi, gas and electricity supplies underground. Before erecting any marquees, framed tents or temporary structures requiring ground penetration, a striking-the-ground permit must be obtained from LAS staff.

**Approval Requirement:** Striking the ground is prohibited until LAS staff have scanned the area and approved it. Failure to comply will make the contractor liable for any injuries or costs incurred if underground services are damaged.

**Liability:** If any underground utility is damaged because the ground was struck without approval, the contractor exhibitor will be responsible for all associated costs.

## TEMPORARY DEMOUNTABLE STRUCTURES/MARQUEES

**All points are valid for both erection and removal of structures/marquees.**

- As from 6<sup>th</sup> April 2015 the erection and dismantling of temporary demountable structures have been defined as construction work under the Construction (Design and Management) Regulations 2015. As such, clients and contractors erecting and dismantling temporary demountable structures must be aware of their duties under CDM 2015. Principal contractors and principal designers must be appointed in writing by the client, and construction phase plans to be in place where more than one contractor shall be involved in the work. Adequate safe systems of work must be in place for all such works with adequate supervision in place.
- All contractors and exhibitors are required to wear relevant PPE (Personal Protective Equipment) i.e. hi-vis jacket or bib and safety footwear whilst on site.
- All marquee contractors must be MUTA registered. Please visit [www.muta.org.uk](http://www.muta.org.uk) for details.
- All marquee contractors should ensure that all pegs/stakes are driven into the ground as far as possible, so not to pose a trip hazard. Ends of pegs should be covered.
- **Public Safety:** Contractors are responsible for cordoning off areas to ensure public safety during the setup or takedown of temporary structures.
- **Wind speeds:** Regular monitoring of the weather forecast and effective management surrounding high winds or any adverse weather conditions.
- On breakdown all disposable waste including carpets needs to be removed from site by the appointed marquee contractor or the LAS reserves the right to charge for this service.

## SUB-LETTING AND MOVEMENT OF SITE

- It is the exhibitor's responsibility to ensure that the electricity supply that is ordered, is exactly what is required.

## MAINS ELECTRICAL SUPPLY

Equipment not having such certificate will not be connected until the LAS's electrical contractor has been authorised by the exhibitor or the exhibitor's contractor to carry out any necessary test and issue the required test certificate. This service will be charged for.

## FORK-LIFT TRUCK SERVICE

- A fork-lift truck will be available for exhibitors to unload and load their exhibits from Friday 12<sup>th</sup> - Friday 19<sup>th</sup> June inclusive (8.30am – 4.30pm). This service is free of charge and will only be available to 'competent persons' to operate. Evidence of this will be required (current licence) and authorisation given by a member of LAS show staff or show security (on behalf of the LAS).
- All responsibility for damage howsoever caused, remains with the driver of the fork-lift truck at the time the damage occurs.
- Please note that patience is required when requesting the fork-lift. A number of exhibitors will require this service and we will operate on a first come first served basis.
- If your schedule does not work with this, then please ensure you bring your own provisions.

## POST HOLE BORING (MARQUEES/FLAGPOLES)

- Applications for holes to be dug should be made on the Trade Stand Application Form.
- No post holes shall be bore or dug by an exhibitor without prior authority from the LAS.

## GRASS CUTTING

- The last grass cut by the LAS will take place on 10<sup>th</sup> June 2026. However, arrangements can be made to undertake grass cutting on individual trade stands after this date. Grass cutting can only take place prior to any machinery or any other display being placed on the exhibitor's stand. This should be kept in mind when dates are requested. The grass will be cut by a rotary mower and the grass cuttings removed and disposed of.
- The rate is calculated at 80p per square metre inc. VAT. Please apply for this service on the application form.
