Shropshire County Show

The Shropshire County Show was created in the late nineteenth century when it was launched as part of the cooperative venture - The Shropshire and West Midlands Agricultural Society.

The show now caters for a wider audience than ever before but never loses sight of its primary goal - highlighting and promoting the vital role that our agricultural industry plays in the Midlands.

It is now a successful and popular family event that attracts thousands of people year on year.

Sponsor

As a sponsor, you will have a unique opportunity to put your brand in front of our visitors on show day, along with a wealth of associated coverage on social media and in the local and regional press.

Sponsors also welcome employees, clients and customers to enjoy the show from the comfortable VIP area.

Reach your target market

Supporting Shropshire County Show highlights your business to our thousands of visitors, and the wider farming and town community.

We have more than 13,500 followers (and growing every day!) across our social media channels, and significant reach comes with our events - more than 100,000 people see our Shropshire County Show event on Facebook and more than 10,000 follow it in the run up to the event.
