

## TRADE STAND FEES

When calculating your stand costs please ensure that you have sufficient space to allow for all items which are needed including ground plates, tent guy ropes and any vehicles. Please check with your marquee contractor if you are in any doubt before reserving space. If you wish to secure a corner stand then please make this known at the point of booking to the trade stand co-ordinator, who will accommodate all requests where possible. Please use the longest side of your stand as the frontage. Please note that we cannot guarantee that the longest side of the stand will be road facing.

### Open Space – general traders

We offer a number of prime and corner sites which are charged at a 20% premium. These sites are popular as they receive high footfall. Applications for prime sites must be made on the booking form and the correct price should be calculated. Please refer to the enclosed map for further details of locations. All prices are subject to VAT.
