

Equine Influenza Vaccination Certificates

All equines (horses, ponies, donkeys) attending the Show must have been vaccinated for Equine Influenza. Equines may attend having received the primary course, and prior to the first booster, but not within 7 days of receiving a vaccine dose. The primary course is 1st vaccination and then 2nd vaccination 21 - 92 days later. This should be followed by the first booster (150 - 215 days) and all subsequent boosters. Equines must have been vaccinated within the 6 months prior to the Show. Foals - In-foal mares that have already had vaccinations of primary Equine Influenza course should be vaccinated 4-6 weeks before the foal is due to be born. Foals should be vaccinated for Equine Influenza at 6 months to commence their primary course.

A valid record of vaccination must be available on request either at entry to the Showground or at any time during the Show. Failure to produce evidence of vaccination may result in refusal of entry or immediate removal from the Showground.

Please note that neither vaccination certificates nor passports should be sent to the Show Office prior to the event. However, random checks will be carried out on the Showground.
