Health and Safety for Features Exhibitors

The Devon County Show takes pride in welcoming both exhibitors and visitors to the Show. In order that we provide a safe environment for all parties we ask that you comply with the following when on Show Site. For some Feature Sections additional rules may apply. In the event of a query please speak to your Section Stewards.

Children: Please ensure children are supervised at all times. If possible, leave children at home during set up and breakdown; the show site is not a suitable play area as there are a number of moving vehicles and heavy equipment on site during these periods.

Dogs: We strongly recommend that you do not bring your dog onto site during set up or break down. Any dogs on site must be on a short non retractable lead and under your control at all times. Please do not leave your dogs in your car.

Fire: In the event of a fire please follow the instructions of the Feature's Steward who will know what action to take in the event of an emergency. Fire extinguishers are available in all marquees and these are located near to the fire exits or at a central fire point.

First Aid: Our medical centre is available on the Wednesday before the Show and this is indicated on our site maps (near the Lime Tree Café) and until midnight on the Saturday night.

General: If you see something that you think is unsafe or wrong then please report this so that we can do something about it.

Electrical Equipment: Any electrical equipment being plugged into the Show's electrical installation (paid for in advance) must be PAT tested.

Slips, Trips and Falls: Please ensure that you keep walkways clear of your belongings, cables or any other objects. Exhibits must be secure and displayed so that they will not topple over during the Show.

Smoking: Smoking of any type is not permitted in any of our buildings, marquees, or temporary structures.

Vehicles: Please drive slowly and stick to the designated roadways. Your vehicle must be off site and parked in the appropriate car park by the time advised by your Section. At the end of the Show please do not move your vehicle until permission is given to do so. Quad bikes and motor bikes (other than those in displays) are not permitted on the Show Site.

Waste: Please ensure that any waste is placed into the appropriate waste skip provided.

Working at Height: If you are building a display then appropriate working at height equipment should be used (as identified in your risk assessment). Climbing on boxes, chairs or staging is not acceptable. Anyone using tower scaffolding must be suitably trained in its erection and use (PASMA).
