Sheep Section Show Conditions to be read in conjunction with the General Show Rules included at the start of the Livestock Schedule

- Numbers** – One number will be issued to each animal or pair of animals and must be clearly visible during judging. A separate number will be issued for each entry in the Group of Three section and only this number should be visible in these classes. **The Show Numbers will be printed on small card, and we ask all exhibitors to clip these to their top pockets where they will be clearly visible.**
- Class Entries** – Except for Young Handler Classes, no animal shall be entered into classes in more than one section. Where a breed class is offered exhibits of that breed will only be accepted to those breed classes and will not be entered in a multi breed section.
- Class Division, Amalgamation or Withdrawal of Class:** any class with no more than two entries may be amalgamated with another suitable class. **Class Division:** if there are four or more of one breed in a mixed breed class this breed will be judged separately providing at least four entries of other breeds remain to make the class viable. Amalgamation or withdrawal of classes see General Show Rule 14.
- Accreditation** – Separate penning and judging rings are provided for MV and non MV sheep, and their status must be recorded on the entry form with **a copy of the MV certificate included with the entry.**
- Documentation** – Please ensure that SAC MV Certificates are available on arrival. Please hand certificate/s together with AML 1 Movement Licenses, both entry & exit, to the Sheep Control Team located within the Sheep Admin Office to be signed. Show numbers can be collected at the same time with any other documentation as required by the latest regulations.

Livestock deliveries can be made until 8.00pm on the evening before the show. On Showday the gates will open at 6.00am for livestock deliveries. All livestock must arrive via Gate 0.
- Class Times** – Exhibits in the Livestock Section must be in the Show Field by 8.00 a.m. on the day of the Show. Young Handler classes commence at 8.30am sharp with all three classes being judged at the same time. Be aware that there are often traffic delays affecting access to the Showground.
- Showing** – All classes will be judged halter led (exception given to Butchers Lambs), please ensure that a proper halter is used. Sheep may be trimmed or untrimmed (freestyle) unless otherwise indicated. No exhibitor shall enter an animal in any class in which the judge may have bred or have an interest in said animal. In the event of a dispute the Society reserves the right to invite an independent judge to place that animal in the class. Tampering to deliberately conceal or otherwise alter an undesirable characteristic of a show animal is not allowed. Sheep entered in these classes that are found to be artificially coloured\* or to have in anyway been faked at any time whilst on the showground shall be disqualified. Any allegation must be communicated to the ring stewards on the day and the show's chief Sheep steward shall be responsible for determining the truth of the allegations and if found to be true, instituting disqualification proceedings. **JUDGES ARE INSTRUCTED NOT TO AWARD ANY PRIZE OR COMMENDATION TO ANY ANIMAL WHICH CONTRAVENES THE WELFARE REGULATIONS** \*Colouring – the Society will be guided by the rules of the appropriate breed society.

9. **Mobile Phones:** The use of mobile phones, iPods and similar devices & the wearing of headphones by exhibitors/leaders is totally banned whilst on route to or from the judging/parade ring and when in the ring. Any contravention will result in immediate elimination from the class.

11. **Layout:** The avenues between the rows of pens must be kept clear of obstructions. The majority of pens are constructed with 6' hurdles, if an exhibitor wishes to bring a gazebo or similar structure it must be erected within a spare pen or on the end of a row of pen if there is sufficient space.
12. **Animal Health - See Rule 17 of The General Show Rules listed within the Livestock Schedule.** It is recommended that sheep are treated for Scab a fortnight before the Show. **Tail Docking:** Under the Mutilations (Permitted Procedures) (England) Regulations 2007, enough of the tail must be retained to cover the vulva of female animals and the anus of male animals. Sheep may be inspected on arrival or at any point during their time on the showground by Veterinary Officers or Animal Health authorities. Any sheep found to be in breach of welfare legislation may face further action and will not be permitted to be shown.
13. **ANIMAL WELFARE – The Society expects all exhibitors to observe best practice at all times.** The Society follows the guidance of the Animal Welfare Act 2006 Section 9 (2).
