Livestock Exhibitors Disease Control Obligations

The health of all animals and people present during the Great Yorkshire Show (GYS) is of paramount importance to the organisers. As such, we would like to remind livestock exhibitors of their responsibilities with respect to the health of their animals.

Only fit and healthy animals should be transported to the Show. Any clinical signs of disease, however mild, detected on farm must result in the affected animal(s) remaining at home and not travelling to the GYS. This is the cornerstone on which high levels of Biosecurity can be built at the Show. Once on the Showground, if any animals develop any signs of illness one of the Show Veterinarians should be alerted immediately.

If we all ensure only healthy animals arrive at the GYS and if any animal becomes sick at the Show, prompt veterinary care is sought we minimise the risk of;

- A Notifiable Disease Outbreak
- Zoonotic Infections passing from livestock to people.
- Endemic Veterinary Diseases spreading between pens/stalls.

Thank you for your cooperation and understanding.

BEEF CATTLE: READ ME BEFORE COMPLETING YOUR ENTRY

Tuesday - Native Beef Breeds & Commercial Beef

Wednesday - Continental Beef Breeds & Dairy Breeds

BOVINE VIRAL DIARRHOEA (BVD) - See Reg. 57

Exhibitors entering cattle will be required to demonstrate that either individual animals have been tested for the presence of BVD virus (antigen test with negative results) or that the animal originates or resides in a herd accredited BVD-free on a CHeCS approved cattle scheme. Proof will require a copy of a relevant laboratory report (including 'Tag and Test') or details of a BVD scheme membership. Laboratory reports must include ear tag identification. These documents must be presented at the Livestock Registration Office on arrival.

CATTLE AREA ACCESS WRISTBANDS

To enable people to gain access to the cattle sheds, each exhibitor can have a maximum of 3 cattle area wristbands to distribute accordingly. If required, these can be collected from RAC Reception at the Show. Please note they do NOT gain access to the Show, and they don't replace your normal entry wristbands (see page 2 for allocation details).

STALLS – These can only be booked on the entry system - go to www.greatyorkshireshow.co.uk to make your stall booking. This year, the Great Yorkshire Show will host National Shows for British Charolais and the Longhorn Cattle Shows; the Beef Shorthorn are also hosting the UK Championships with us again this year. This will impact on stall bookings so please book your stalls early to avoid disappointment. **STALLS ARE LIMITED TO 4 PER BREED PER EXHIBITOR (re Stall allowance for National Shows, see individual breeds).** If you want your cattle to be stalled next to a specific exhibitor (must be same breed), please add this comment when you book your stalls. **Stall bookings must be submitted by 5pm Tuesday 9th May.**

STALL CANCELLATIONS & REFUNDS - Your written/email/ cancellation instruction should be received by the Livestock & Entries Office **before 5pm Tuesday 13th June** in order to receive a full refund for a stall so that we can offer the stall to any exhibitors who may be on the waiting list. Stall cancellations requested after this time/date will be considered for a 50% refund; stall deposit refunds after this time/date will be looked at on an individual basis (dependent on whether we can resell the stall).

THE CATTLE STALLING PLAN - This plan is designed to ensure the timely, safe and most efficient movement of animals from the stalls to the showing rings. Please do not move or change exhibitor cards that have been put above stalls as this causes several types of difficulty and much ill-feeling for other exhibitors. **Anyone found to have moved cards may be subject to future restrictions.**

ENTRIES - Please input and make payment for your entries on our website www.greatyorkshireshow.co.uk - this should include any pairs or group entries. **Entries must be finalised and paid for by 5pm Tuesday 13th June.**

REFUNDS - entry fees will only be refunded if you are cancelling the entire entry for either animal health reasons or for personal reasons; every full cancellation would be considered on an individual basis.

AGE OF HANDLERS - handlers in the breed classes **MUST BE OVER 14 YEARS OF AGE.** Handlers in the young handler classes **must be supervised by an experienced adult handler** who is able to restrain/control the animal in an emergency – see Reg. 66

CLIPPING CRATES - **Clipping Crates will not be allowed in any of the sheds.** A clipping area has been established for a limited number of crates. Any exhibitor wishing to bring a clipping crate must register their interest in writing/email to the Livestock Office for approval. Unapproved crates will have to be removed immediately by the exhibitor from the Showground.

ELECTRICAL EQUIPMENT IN CATTLE HOUSING - See Reg. 81

Fridges/freezers and ALL cooking equipment are **NOT** permitted in the cattle sheds or marquees. *These can possibly be housed in your Breed Offices if necessary but you will need to liaise with your Breed Society to organise this before the Show.*

BEEF & COMMERCIAL CATTLE

The Cattle Judging Rings have been kindly Sponsored by ASDA

STALLING: Due to the expected high demand for stalls, a limit of 4 stalls per breed per exhibitor has been put in place in the Beef Section (unless otherwise stated on the individual breed page). Stalls in each breed can be booked for calves (maximum of two calves in a stall, priced per stall at £33 + £50 for YAS Members or, £46 + £50 for Non Members). Due to the high number of empty stalls at the Show in previous years, a £50 deposit per stall has been introduced. This will be returned after the Show but only if all pre-booked stalls are solely occupied by any pre-entered exhibitors cattle. Stalls are for cattle, not for tack and therefore, stall refunds will not be made for anything other than cattle.

Re Stall allowance for National Shows, see individual breeds.

The Stalling Plan

The stalling plan is designed to ensure the timely and most efficient movement of animals from the stalls to the showing rings. This policy is a legal requirement and outlines the roles and responsibilities within the Yorkshire Agricultural Society (YAS) to ensure compliance with its statutory and moral obligations for health and safety at the Great Yorkshire show.

All Staff (permanent, temporary and contracted), Contractors, Exhibitors, Stewards, Judges and Visitors are expected to comply with the Show Health and Safety Policy and any legal obligations placed upon them.

This policy conforms to the Health and Safety at Work etc Act 1974, the Management of Health and Safety at Work Regulations 1999 and other relevant legislation including the Construction (Design & Management) Regulations 2015 (CDM 2015).

## **Organisational Responsibilities**

**Operations Manager – Nigel Morgan**  
**Show & Trade Stands Coord. – Michelle Mackey**  
**Show & Trade Stands Officer – Emma Donnelly**

**Facilities Manager – Joe Leahy**  
**Event Safety Officer – Phil Atkinson**  
**Livestock & Ents Coord. – Amanda Stoddart-West**

It is the overall responsibility of the Operations Manager to ensure the policy is implemented and individual responsibilities are fulfilled so far as is reasonably practicable. The Operations Manager will ensure all activities under the management and control of the YAS fulfil their statutory requirements with regard to health and safety at the Great Yorkshire Show.

The Operations Manager is responsible through effective planning in ensuring risks involved in work activities and control measures in place are communicated through a process of briefings and the provision of a staff and officials guidance booklet.

The Operations Manager will ensure locations under the control of the YAS and used in connection with the GYS are maintained in a safe condition, entrances and exits used for the movement of people, animals and vehicles are safe and without risk so far as is reasonably practicable.

The Operations Manager assisted by the Facilities Manager will provide up to date safety information for staff, exhibitors, contractors and visitors if individuals are exposed to new or increased risks or are exposed to any substance that may be hazardous to health. The use of all hazardous substances will be supervised by a competent person at all times.

The Facilities Manager is responsible for the management of all Facilities Department staff, contractors and their activities at and in connection with the Show.

### **Livestock Exhibitors**

The YAS reserves the right to suspend any activity or remove any contractor or exhibitor from the showground if they are considered to be unsafe or in direct contravention of health & safety legislation or Show Regulations. All trade, equine, livestock and other exhibitors are responsible for ensuring that plant and machinery is safe and that safe systems of work are set out and followed particularly in respect of the movement of horses and livestock around the showground and they follow any directions given to them by YAS Stewards.

All exhibitors must ensure that they maintain a safe working environment and that all articles, substances are moved, stored and used safely and that health and safety and fire safety legislation is complied with. Any exhibitor who fails to comply with health and safety or fire safety legislation may be liable to enforcement action by NYC Environmental Health and/or the North Yorkshire Fire and Rescue Fire Safety Officer. Exhibitors may be removed from the Show. Livestock and Equine exhibitors are reminded that a show environment can be extremely stressful for their animals and animals with unpredictable temperament or character should not be brought to the Show.

Livestock and Equine exhibitors will be responsible for carrying out their own risk assessments for the control, movement and conduct of their animals at all times and in the case of livestock applying reasonable controls to ensure that they do not escape or pose a danger to the public whilst being moved around the Showground for grooming, washing, milking, exercise or during loading and unloading. Livestock must be under the control of a competent handler using approved restraints when being moved around the public areas on the showground and into the judging rings and safeguards are in place to prevent an animal from escaping.

## **All Handlers in the Breed and Commercial classes MUST be 14 years of age or over.**

In the Young Handler classes where a child is under 14 years of age, they must be supervised by an experienced adult handler who is able to restrain/control the animal in an emergency. See Reg. 64

In the interests of public safety livestock exhibitors will keep the movement of livestock to a minimum when the show is open to the public and during transfers from their stalls to judging rings and back and will restrict movement of livestock to controlled areas designated by the organisers. Livestock must not be left unattended at any time in public areas whether restrained or otherwise unless in a secure stall and it is the responsibility of the exhibitor to ensure that stalls are secure and livestock cannot escape when they are being viewed by the public.

Livestock exhibitors will indemnify the Yorkshire Agricultural Society for any losses suffered as a direct result of their failure to provide competent handlers and/or any negligent act on the part of the handler or owner which is in direct contravention of this policy or the Show Regulations.

Livestock exhibitors are responsible for ensuring that any workers under their control or direction who are engaged in disinfecting activities are made aware of the risks and the control measures in place. Exhibitors are responsible for providing their own personal protective equipment and that they or their agents use this equipment.

The organiser reserves the right to restrict the movement of people through the cattle lines whilst judging or livestock movement is in progress.

### **First Aid**

First aid and medical facilities at the Great Yorkshire Show are provided by an approved medical contractor who will provide extensive coverage for the four days of the show. First aid points are clearly identified on the showground and on maps and in catalogues.

All contracted medical personnel are qualified first aid or Emergency Care Practitioners. Persons needing hospital care will be transported to Harrogate District Hospital. There is a dedicated Medical Centre on the Showground with a Doctor in attendance when the Show is open to the public. The medical contractor has trained staff at the Show to assist with adults and children at risk.

### **Emergency Procedures**

In the event of a major incident during the Great Yorkshire Show the YAS/GYS emergency procedures will be put into effect. See supplementary document **GYS Major & Critical Incident Plan (2022, Revised)**.

### **Fire Precautions**

All staff, temporary workers, contractors and exhibitors must comply with the Show Fire Risk Assessments which conform to the requirements of the Regulatory Reform (Fire Safety) Order 2005. This includes persons in charge of activities within temporary structures and marquees including multi-occupancy units.

All fire exits must be clearly marked and the route to them will be kept clear at all times. No person shall place an obstruction in aisles, corridors or walkways that are designated escape routes at any time. Fire extinguishers and other safety equipment will be located at easily accessible points and will be clearly visible and identified as fire safety equipment. No person should attempt to use any fire safety equipment which places themselves or others at risk. Fire safety equipment must not be moved or tampered with or used to prop open doors.

The use of naked flames, or any direct burning appliance is prohibited within multi-occupancy marquees and trade stands. This includes candles and other similar items of any type.

**Any person who discovers a fire should dial 999 and inform Event Control or Black Gate Security Point when Event Control is closed.**

To supplement any portable fire safety equipment carried on machinery or plant the YAS will have additional equipment on the site located in the Facilities Department.

### **Smoke Free Regulations/Policy**

All enclosed and substantially enclosed areas on the Showground are Smoke Free (No Smoking; this includes the use of E-Cigarettes). This includes all permanent buildings, temporary structures, tents, marquees or similar, stables, cattle sheds, sheep, pig and goat lines and the Main Ring and White Rose Ring Grandstands.

Smoking is only permitted in open spaces on the Showground. Exhibitors who smoke in contravention of this regulation may be excluded from future Shows. The requirements apply to all smoking, including the use of e-cigarettes 24 hrs a day and the Safety Stewards/Security will be responsible for enforcing these regulations on behalf of the Society.

## **Vehicle Movements/Speed Limits on the Showground**

Vehicle movements are not permitted on the Showground when the Show is open to the public except essential service and emergency vehicles. The maximum speed limit on the showground for any type of mechanically driven vehicle including ATVs and quad bikes is 20 mph unless indicated otherwise. This should not be exceeded under any circumstances and due care and consideration should be demonstrated by the drivers of all vehicles when the Show is open to the public, particularly in crowded public areas and when livestock and horses are moving or visible. In public areas if the volume of the public in these areas is so great as to be a hazard or risk to the drivers of mechanical vehicles they should not enter these areas until it is safe to do so.

The safety of the public and workers on foot is of primary consideration regardless of the purpose that the vehicle is being used for. A banksman must be used where any vehicle is required to reverse in a public area.

The use of All Terrain and Off Road Utility Vehicles is prohibited on the Showground unless they have been authorised for use by the Society.

Drivers must not be under the influence of alcohol or drugs (prescription or otherwise) and anyone considered to be a danger to themselves or others may be removed from the Showground or car parks and the Police will be informed.

Complaints in relation to the way a vehicle is driven on site should be reported to the Operations Manager, the Facilities Manager or Event Safety Officer.

## **Risk Assessment**

A Risk Assessment has been prepared by the Society that identifies potential hazards that could pose a risk during the build-up, breakdown and when the Show is open to the public and the controls in place to remove or reduce the risks. A copy of the risk assessment is available on request from the Operations Manager.

**The Risk Assessment is a legal document and will be made available in the event of any subsequent claim or investigation against the YAS or an exhibitor or contractor for negligence or damages arising from any act or incident at the Great Yorkshire Show.**

## **Other Arrangements**

### **Disinfection of Livestock Transport**

All workers involved in the disinfection of livestock vehicles must be made aware of the risks by the contractor responsible. The designated area used for disinfection is maintained in a safe condition and any machinery used must be safe with safe systems of work set out for the operation including the provision and use of personal protective equipment. A risk assessment must be prepared that conforms to the Control of Substances Hazardous to Health Regulations as hazardous substances are in use in this area.

### **Storage**

Exhibitors or contractors are not permitted to store items or equipment on the showground particularly hazardous substances unless prior agreement has been reached with the Show and Trade Stands Coordinator prior to the Show or it forms part of the contractual arrangements for the Show. Any items that are stored must be stored in accordance with specific instructions outlined by the YAS and must be stored safely. Liquid Petroleum Gas (LPG) and other flammable items must be stored safely and at least 2 meters from a vehicle, building or structure. Exhibitors and contractors must ensure that the storage of any items or equipment does not contravene fire safety regulations.

### **Use of Barbecues**

The use of barbecues by exhibitors or contractors is not permitted within the Showground perimeter unless they form part of a legitimate trade stand demonstration and the necessary safety controls are in place. The Shoe & Trade Stands Officer must be notified prior to the Show if a barbecue is to be used and approval given in writing. The use of barbecues in the cattle sheds is strictly prohibited.

**Disposable and gas barbecues are not permitted in the Caravan and Camping areas or car parks under any circumstances as they are considered a serious fire risk.**

### **Use of e-Scooters & e-Bikes**

E-Scooters and e-bikes are not permitted on the Showground at any time. If they are used on the vehicle, caravan or camping parks riders are responsible for operating their vehicles safely and in accordance with the law, and they should check the legal status of their vehicles prior to arrival. The Yorkshire Agricultural Society accepts no responsibility for loss or injury resulting from the unlawful use of vehicles on site.

### **Furniture & Equipment in the Cattle Sheds & Marquees**

Only flame-retardant folding picnic chairs are permitted in the cattle sheds & marquees. **Settees and other items of bulky furniture e.g. fridge, freezers, etc., are not permitted as they pose a significant fire risk and will be removed.**

## **Livestock Exhibitors Disease Control Obligations**

The health of all animals and people present during the Great Yorkshire Show (GYS) is of paramount importance to the organisers. As such, we would like to remind livestock exhibitors of their responsibilities with respect to the health of their animals.

Only fit and healthy animals should be transported to the Show. Any clinical signs of disease, however mild, detected on farm must result in the affected animal(s) remaining at home and not travelling to the GYS. This is the cornerstone on which high levels of Biosecurity can be built at the Show. Once on the Showground, if any animals develop any signs of illness one of the Show Veterinarians should be alerted immediately.

If we all ensure only healthy animals arrive at the GYS and if any animal becomes sick at the Show, prompt veterinary care is sought we minimise the risk of;

- A Notifiable Disease Outbreak
- Zoonotic Infections passing from livestock to people.
- Endemic Veterinary Diseases spreading between pens/stalls.

Thank you for your cooperation and understanding.

## **COVID-19 & Other Public Health Safety Measures**

If you are feeling unwell before you attend the Show, you **must** stay at home. If you feel unwell when you are at the Show STOP what you are doing and go straight to the Medical Centre near White Gate.

## FOR YOUR SAFETY

Please follow any health protection measures including COVID-19 that may be in place at the Show. These are outlined in the Visitor's Code of Conduct on the Show web site.

### **HEALTH PROTECTION STATEMENT**

The Yorkshire Agricultural Society looks forward to welcoming you to the 2023 Great Yorkshire Show. In line with current government guidance on the admission of visitors to the Showground, the Code of Conduct acts to principally guide and advise you of any protocols in place during the event. The organiser's, the YAS has put in place a range of health protection measures to ensure the safety of all visitors to the Show. However, it is vitally important that everyone plays their part in making the event safe and enjoyable and we need your continued support and cooperation to achieve this. Visitors are therefore kindly reminded of the requirement to adhere to the Code of Conduct, and follow all safety requirements, to assist staff and stewards, and to help protect you and your fellow visitors.

Access around the Showground is by concrete or tarmac footpaths and roads. Some parts of the Showground are sloping and mainly grass which may be difficult for visitors with limited mobility and wheelchair users.

### **Evacuation & Safety Announcements**

In the unlikely event of an evacuation of the Showground please follow any instructions given to you by Stewards, Officials or Police Officers or over one of the public address systems. You will be directed to vacate the Showground by the nearest exit and to go to the back of the car park opposite the exit to wait for further instructions, unless advised otherwise.

If a full or partial evacuation of the Main Ring and/or White Rose Ring Grandstands or the Exhibition Halls is required, an announcement will be made over the PA system in those areas.

Please listen carefully to any safety announcement which may direct you to a specific area on or around the Showground. Evacuation should be undertaken calmly and quickly taking any personal items with you. Stewards, the Police and Officials will direct and provide you with further information. Further announcements including updates via social media may be made explaining the nature of the incident and any additional action you may be required to take.

You should not attempt to re-enter the Showground or a building until you are advised to do so for safety reasons.

### **Health & Hygiene**

Visiting The Great Yorkshire Show is an enjoyable and educational experience. However, such visits can never be free from all risks. Farm animals naturally carry a range of microorganisms, some of which may be harmful to people even when the animals appear clean and healthy.

Microorganisms such as E. coli O157 and Cryptosporidium are a particular health risk, especially for young children, expectant mothers, and the elderly.

Touching animals, consuming contaminated food or drink and contact with dirty surfaces may lead to infection if microorganisms are accidentally transferred into the stomach.

Washing hands thoroughly with soap and water immediately after contact with animals will reduce the risk of infection. Hand gels or wipes are not a substitute for washing hands with running water in an agricultural environment.

There are several permanent toilet blocks with washing facilities on the Showground and their locations are clearly indicated on the Showground map.

Always wash your hands thoroughly with soap and warm water after contact with any animal.

Animals have feelings too please respect them and keep a safe distance as a startled animal may well kick-out or bite!
