EQUINE FLU (Reg. 55)

The minimum requirement is two vaccinations, at least */ not less than*, 21 days apart. There must also be a clear 7 days after the second vaccination, before entry on to the showground. It is mandatory that all other horses/ponies/donkeys must have received a booster within the **6 calendar months** of their entry on to the showground. Foals of 6 months of age or older must meet the Equine Influenza vaccination requirement. Foals of less than 6 months of age must be out of a mare that meets the above requirement. Passports may be inspected at any time; any horse without a valid vaccination protocol or owner/exhibitor unable to produce a valid passport will lead to immediate eviction of that horse/pony/donkey from the showground.

PASSPORTS (Reg.56)

All animals must be accompanied by a legal and currently valid passport. On arrival at the showground and prior to unloading your animal/s, please go to the Stable Managers Office (located near the Main Ring Collecting Ring) and present your passport/s in order for the Flu record/s to be validated. Passports must be inspected before any stabling can be allocated (if previously booked). Exhibitor numbers will also be available for collection at this point.

ANIMAL WELFARE (Reg.77)

In addition to this regulation, the rule has been enhanced in the interests of welfare and probity in relation to the following classes: Animals in classes 130, 131, 165, 166, 167, can only be ridden at all times by the child that is entered to ride it in the class. A substitute rider may ride the animal outside of the ring, but they must be eligible in age to compete in the class entered. For example: Class 130 M&M FIRST RIDDEN - states "Suitable to be ridden by a child who has not attained their 10th birthday by 1st January in the current year". Therefore, the age of the rider applies to the rider in the ring or anywhere on the showground, exercise areas or vehicle parks, at all times up to the relevant class. Where an animal is entered in multiple classes, the respective restrictions apply up to the conclusion of each class and thereafter immediately pass to those regulations associated with the next class; at all times the general rule about riders needing to be appropriately sized to their mount, is applicable

WHISKERS/SENSORY HAIRS (Reg.78)

All equines should present with no evidence of whiskers or sensory hairs having been trimmed or removed (other than for veterinary purposes in which case you must provide written proof of a valid veterinary reason, from your Vet; this proof must be available at Show if requested by a Show Official). Sensory hairs are the hard hairs located on the horse's muzzle and around the eyes, also known as 'whiskers' that are used for sensation.

Following several enquiries regarding trimming of ear hair, as part of Reg.78 the hair on the internal aspect of the ear pinna should not be excessively trimmed as it performs a protective function against insects, sun and foreign objects. The Society may take actions against anyone who is in breach of any of our regulations.

DISPLAYING CATALOGUE NUMBERS (Reg.79)

All riders/handlers **MUST** display their animal's catalogue number at all times when riding or working their animal anywhere on the showground, exercise areas or vehicle parks, day or night.

PRIZE MONEY WILL BE PAID BY BANK TRANSFER FOLLOWING THE SHOW

READ ME BEFORE YOU ENTER

- **ENTRIES CLOSE**

Tuesday 2nd May 2023. Due to high demand in some classes, entry numbers may be restricted. Please ensure you enter your animal/s in the correct class, check you have recorded all details, including the age, height and type of your animal, as we use this information to check it fits the class description.

- **STABLES**

Stables are allocated on a first come first served basis, demand is very high so to avoid disappointment book your stable on the entry. Please remember, some classes start very early in the morning. Exhibitors can only book stables for the night before their class and/or the night of their class.

We cannot guarantee being able to satisfy late requests for stables. When all the stables are booked a waiting list will be created.

At our discretion, priority may be given to exhibitors bringing mares and foals or who are travelling more than 4 hours to get to the Showground.

See Passports below re checking in at the Stable Managers office prior to unloading.

A REFUNDABLE DEPOSIT SYSTEM IS IN PLACE - The deposit will be marked as "to be repaid" once the stable has been inspected by the Stable Manager. If you vacate your stable without having it inspected, your deposit will be forfeited.

Deposits will be returned following the Show via bacs if this is marked as "to be repaid".

- **EQUINE FLU (Reg. 55)**

The minimum requirement is two vaccinations, at least */ not less than*, 21 days apart.

There must also be a clear 7 days after the second vaccination, before entry on to the showground.

It is mandatory that all other horses/ponies/donkeys must have received a booster within the 6 calendar months of their entry on to the showground.

Foals of 6 months of age or older must meet the Equine Influenza vaccination requirement.

Foals of less than 6 months of age must be out of a mare that meets the above requirement.

Passports may be inspected at any time; any horse without a valid vaccination protocol or owner/exhibitor unable to produce a valid passport will lead to immediate eviction of that horse/pony/donkey from the showground.

- **PASSPORTS (Reg. 56)**

All animals must be accompanied by a legal and currently valid passport. On arrival at the showground and prior to unloading your animal/s, please go to the Stable Managers Office (located near the Main Ring Collecting Ring) and present your passport/s in order for the Flu record/s to be validated. Passports must be inspected before any stabling can be allocated (if previously booked). Exhibitor numbers will also be available for collection at this point.

- **EQUINE WELFARE (Reg. 77)**

Welfare is of paramount importance and all riders should be of an appropriate size and weight for the horse/pony being ridden (anywhere on the showground, exercise areas or vehicle parks, day or night).

The Society reserves the right to take further action (See Disqualifications, Sanctions and Exclusion Orders) against any competitor or exhibitor whose animal is being ridden (anywhere on the showground, exercise areas or vehicle parks, day or night) by anyone whose size or weight compromises the welfare of the horse/pony being ridden; this would be based on the recommendations of the on-site veterinary team, who will use the 20% ratio as a guideline (this means the combined weight of rider plus their saddle should be less than 20% of the animal's weight). This would be based on a relatively fit, healthy animal, as an overweight animal is also a welfare concern.

This rule has been enhanced in the interests of welfare and probity in relation to classes:

Animals in classes 130, 131, 165, 166, 167 can only be ridden at all times by the child that is entered to ride it in the class. A substitute rider may ride the animal outside of the ring, but they must be eligible in age to compete in the class entered. For example:

Class 130 MOUNTAIN & MOORLAND FIRST RIDDEN - states "Suitable to be ridden by a child who has not attained their 12th birthday by 1st January in the current year".

Therefore, the age of the rider applies to the rider in the ring or anywhere on the showground, exercise areas or vehicle parks, at all times up to the relevant class.

Where an animal is entered in multiple classes, the respective restrictions apply up to the conclusion of each class and thereafter immediately pass to those regulations associated with the next class; at all times the general rule about riders needing to be appropriately sized for their mount, is applicable.

- **WHISKERS/SENSORY HAIRS (Reg.78)**

All equines should present with no evidence of whiskers or sensory hairs having been trimmed or removed (other than for veterinary purposes, in which case you must provide written proof from your Vet; this proof must be available at Show if requested by a Show Official). Sensory hairs are the hard hairs located on the horse's muzzle and around the eyes, also known as 'whiskers' that are used for sensation.

Following several enquiries regarding trimming of ear hair, as part of Reg.78 the hair on the internal aspect of the ear pinna should not be excessively trimmed as it performs a protective function against insects, sun and foreign objects. The Society may take actions against anyone who is in breach of any of our regulations.

- **DISPLAYING CATALOGUE NUMBERS (Reg. 79)**

All riders/handlers MUST display their animal's catalogue number at all times when riding or working their animal anywhere on the showground, exercise areas or vehicle parks, day or night.

- **GROOM'S DRESS CODE (Reg. 66)**

Grooms/attendants appearing with animals in the judging rings must have suitable footwear and be dressed appropriately, i.e. of smart appearance (NO JEANS/SHORTS/MINI SKIRTS). HATS MUST BE WORN IN THE RINGS e.g. Trilby type or riding hats are acceptable (NO BASEBALL TYPE HATS/CAPS). Any person not complying with this regulation may be asked to leave the ring by the Steward or the Judge.

- **DATA PROTECTION**

- **HOYS NUMBERS**: If entering a HOYS qualifying class, you must include ALL the relevant HOYS ID Numbers, i.e. owner, agent (if applicable), animal, rider, postcodes and all other required information, on the on-line system so that your entry is valid. - **ENTRIES NOT FORWARD (Reg. 61a)**: Entries not forward for any reason other than illness or injury will forfeit all entry fees.

- **CANCELLING STABLES (Reg. 61b)**: Refunds for stables can only be given if stables are cancelled in writing/email before noon **Friday 30 June** to Amanda or Jo-Anne to enable the Office to resell the stables. **Stables bought and sold anywhere other than through the Livestock & Entries Office will not be recognised.** Anyone found buying or selling stables on any social media site will risk having their entry withdrawn.

- **EXHIBITOR TICKETS (Reg. 54)**: Tickets (in the form of wristbands) are limited to two wristbands per class entered. If you need extra tickets/wristbands, these can ONLY be purchased in advance as tickets/wristbands will not be available to buy at the Show.

In the event of any such test proving positive, Societies may be expected to take disciplinary action in accordance with their rules.
The Yorkshire Agricultural Society is also able to sample horses/ponies/donkeys independently from the Breed Societies.
Any action by you and/or your agent in contravention of this section or that inhibits the Society's Veterinary Officer or Breed Society undertaking any inspection of the animal shall constitute a Major Breach as defined in the section Disqualification, Sanctions and Exclusion Orders, and will be dealt with under the appropriate procedures contained therein.

69. **Number of Entries in Classes**
Where large entries are catalogued exhibitors may be asked to give individual shows in pairs and only the first twelve may be asked to strip and run up for the judge. The Society reserves the right to enforce a ballot system where entry numbers exceed allocated ring time or to meet with the Health & Safety requirements.
70. **Ridings Ring** Where large entries are catalogued for any class held in this ring, classes may be split. This will be at the discretion of the Chief Steward.
71. **Substitution of Judges** The Society reserves the right to substitute other Judges for those named in the schedule or make additional appointments. Where time permits exhibitors will be informed of any changes; this will be on our website where possible.
72. **Measuring** Animals entered in the Riding Pony Breeding classes will not be measured prior to entering the classes this year. All exhibitors with animals entered in classes with height conditions are advised to have an Annual or Lie Official Height Certificate issued by the Joint Measurement Board or those which are registered with a recognized Breed society. These certificates must be available should they be requested by a show OFFICIAL.

- 73. Animals at Show** In the interest of Health & Safety, when animals are out of their stables/boxes, they must have approved bridles or headcollars which are fit for purpose and enable the handler to control them in the event of difficulty. It is requested all exhibitors refrain from exercising animals within the showground and use the exercise area provided. Horses, Ponies and Donkeys must enter the showground at Black Gate (off Railway Road) and use the designated Horse Walk at all times.
- 74. Stable Manager's Office** and Jumping Declarations Office is situated off Stock Avenue opposite the side of the Main Collecting Ring. This Stable Manager's office is staffed pre-show and during show from:
Sun 11am – 10pm | Mon 8am – 10pm | Tues - Thurs 6am – 10pm | Fri 6am - 7pm .
Stables must be allocated by the Stable Manager's office; this is in case of an emergency situation.
Please note: The showground does not have CCV facilities in the stable lines and therefore stables are booked entirely at the risk of the exhibitor.
- 75. Marking Sheets** may be used by the judges in the ridden classes throughout the Equine section. Unless specified by the Breed Society these will NOT be available to anyone other than officials of the society.
- 76. Age Classification** For the purpose of the classification in this schedule, the following will apply:

Yearling – An animal born in 2022	2 year old – An animal born in 2021
3 year old – An animal born in 2020	4 years or over – An animal born in 2019 or before

The age of the horse/pony must be stated on the entry form in years; in the case of a foal, the date of birth is to be given. Failure to state the age of your animal as requested on the entry form may result in the entry being held up or returned.
- 77. Equine Welfare**
Welfare is of paramount importance and all riders should be of an appropriate size and weight for the horse/pony being ridden (anywhere on the showground, exercise areas or vehicle parks, day or night). The Society reserves the right to take further action (See Disqualifications, Sanctions and Exclusion Orders) against any competitor or exhibitor whose animal is being ridden (anywhere on the showground, exercise areas or vehicle parks, day or night) by anyone whose size or weight compromises the welfare of the horse/pony being ridden; this would be based on the recommendations of the on-site veterinary team, who will use the 20% ratio as a guideline (this means the combined weight of rider plus their saddle should be less than 20% of the animal's weight). This would be based on a relatively fit, healthy animal, as an overweight animal is also a welfare concern.
This rule has been enhanced in the interests of welfare & probity in relation to the following classes:
Animals in classes 130, 131, 165, 166, 167, can only be ridden at all times by the child that is entered to ride it in the class. A substitute rider may ride the animal outside of the ring, but they must be eligible in age to compete in the class entered.
For example Class 130 M&M First Ridden - states "Suitable to be ridden by a child who has not attained their 12th birthday by 1st January in the current year".
Therefore, the age of the rider applies to the rider in the ring or anywhere on the showground, exercise areas or vehicle parks, at all times up to the relevant class.
Where an animal is entered in multiple classes, the respective restrictions apply up to the conclusion of each class and thereafter immediately pass to those regulations associated with the next class; at all times the general rule about riders needing to be appropriately sized to their mount, is applicable.
- 78. Whiskers/Sensory Hairs**
All equines should present with no evidence of whiskers or sensory hairs having been trimmed or removed (other than for veterinary purposes, in which case you must provide written proof of a valid veterinary reason, from your Vet; this proof must be available at Show if requested by a Show Official). Sensory hairs are the hard hairs located on the horse's muzzle and around the eyes, also known as 'whiskers' that are used for sensation.
Following several enquiries regarding trimming of ear hair, as part of Reg.78 the hair on the internal aspect of the ear pinna should not be excessively trimmed as it performs a protective function against insects, sun and foreign objects. The Society may take actions against anyone who is in breach of any of our regulations.
- 79. Displaying Catalogue Numbers**
All handlers and riders must display their catalogue number at all times when riding or working their animal anywhere on the showground, exercise area or vehicle parks, day or night.

80. Indemnity

By completing the entry you are conforming to the following: You are stating that you understand, confirm and agree to the following statement "To the best of my knowledge and belief, the animal(s) I have entered is/are free from any clinical disease at the time of entry and will be free from disease when they are brought to the Show.

I further declare that all necessary precautions will be taken to prevent the said animal(s) from being exposed to infectious or contagious diseases from the time of entry to their arrival on the Showground. Each and all of the particulars given are correct to the best of my knowledge and belief; that these animals are my own property; and that they are duly qualified, according to the Society's regulations and conditions, to compete for the prize or prizes for which they are entered.

To conform, as an exhibitor, to all the Regulations (General and Equine specific), Conditions and Orders the Great Yorkshire Show; to hold the Society blameless in the event of any illness, loss or damage occurring to, or through, any animal I may enter or exhibit at the Show, or of mis-delivery of the same: and to indemnify the Society against any legal proceeding arising from any such illness, loss, damage or mis-delivery.

81. The first and second prize winners in each class are invited to compete for the Championship.

The Operations Manager will ensure locations under the control of the YAS and used in connection with the GYS are maintained in a safe condition, entrances and exits used for the movement of people, animals and vehicles are safe and without risk so far as is reasonably practicable.

The Operations Manager assisted by the Facilities Manager will provide up to date safety information for staff, exhibitors, contractors and visitors if individuals are exposed to new or increased risks or are exposed to any substance that may be hazardous to health. The use of all hazardous substances will be supervised by a competent person at all times.

The Facilities Manager is responsible for the management of all Facilities Department staff, contractors and their activities at and in connection with the Show.

**Equine Exhibitors**

The YAS reserves the right to suspend any activity or remove any contractor or exhibitor from the show ground if they are considered to be unsafe or indirect contravention of health & safety legislation or Show Regulations. All trade, equine, livestock and other exhibitors are responsible for ensuring that plant and machinery is safe and that safe systems of work are set out and followed particularly in respect of the movement of horses and livestock around the showground and they follow any directions given to them by YAS Stewards.

All exhibitors must ensure that they maintain a safe working environment and that all articles, substances are moved, stored and used safely and that health and safety and fire safety legislation is complied with. Any exhibitor who fails to comply with health and safety or fire safety legislation may be liable to enforcement action by NYC Environmental Health and/or the North Yorkshire Fire and Rescue Fire Safety Officer. Prize money will also be withheld and exhibitors may be removed from the Show. Livestock and Equine exhibitors are reminded that a show environment can be extremely stressful for their animals and animals with unpredictable temperament or character should not be brought to the Show.

Livestock and Equine exhibitors will be responsible for carrying out their own risk assessments for the control, movement and conduct of their animals at all times and in the case of livestock applying reasonable controls to ensure that they do not escape or pose a danger to the public whilst being moved around the Showground for grooming, washing, milking, exercise or during loading and unloading. Livestock must be under the control of a competent handler using approved restraints when being moved around the public areas on the Showground and into the judging rings and safeguards are in place to prevent an animal from escaping.

### **First Aid**

First aid and medical facilities at the Great Yorkshire Show are provided by an approved medical contractor who will provide extensive coverage for the four days of the show. First aid points are clearly identified on the showground and on maps and in catalogues.

All contracted medical personnel are qualified first aid or Emergency Care Practitioners. Persons needing hospital care will be transported to Harrogate District Hospital. There is a dedicated Medical Centre on the Showground with a Doctor in attendance when the Show is open to the public. The medical contractor has trained staff at the Show to assist with adults and children at risk.

### **Emergency Procedures**

In the event of a major incident during the Great Yorkshire Show the YAS/GYS emergency procedures will be put into effect. See supplementary document **GYS Major & Critical Incident Plan (2022, Revised)**.

### **Fire Precautions**

All staff, temporary workers, contractors and exhibitors must comply with the Show Fire Risk Assessments which conform to the requirements of the Regulatory Reform (Fire Safety) Order 2005. This includes persons in charge of activities within temporary structures and marquees including multi-occupancy units.

All fire exits must be clearly marked and the route to them will be kept clear at all times. No person shall place an obstruction in aisles, corridors or walk ways that are designated escape routes at any time. Fire extinguishers and other safety equipment will be located at easily accessible points and will be clearly visible and identified as fire safety equipment. No person should attempt to use any fire safety equipment which places themselves or others at risk. Fire safety equipment must not be moved or tampered with or used to prop open doors.

The use of naked flames, or any direct burning appliance is prohibited within multi-occupancy marquees and trade stand. This includes candles and other similar items of any type.

**Any person who discovers a fire should dial 999 and inform Event Control or Black Gate Security Point when Event Control is closed.**

To supplement any portable fire safety equipment carried on machinery or plant the YAS will have additional equipment on the site located in the Facilities Department.

### **Smoke Free Regulations/Policy**

All enclosed and substantially enclosed areas on the Showground are Smoke Free (No Smoking; this includes the use of E-Cigarettes). This includes all permanent buildings, temporary structures, tents, marquees or similar, stables, cattle sheds, sheep, pig and goat lines and the Main Ring and White Rose Ring Grandstands.

Smoking is only permitted in open spaces on the Showground. Exhibitors who smoke in contravention of this regulation may be excluded from future Shows. The requirements apply to all smoking, including the use of e-cigarettes 24 hrs a day and the Safety Stewards/Security will be responsible for enforcing these regulations on behalf of the Society.

## **Vehicle Movements/Speed Limits on the Showground**

Vehicle movements are not permitted on the Showground when the Show is open to the public except essential service and emergency vehicles. The maximum speed limit on the showground for any type of mechanically driven vehicle including ATVs and quad bikes is 20 mph unless indicated otherwise. This should not be exceeded under any circumstances and due care and consideration should be demonstrated by the drivers of all vehicles when the Show is open to the public, particularly in crowded public areas and when livestock and horses are moving or visible. In public areas if the volume of the public in these areas is so great as to be a hazard or risk to the drivers of mechanical vehicles they should not enter these areas until it is safe to do so.

The safety of the public and workers on foot is of primary consideration regardless of the purpose that the vehicle is being used for. A banksman must be used where any vehicle is required to reverse in a public area.

The use of All Terrain and Off Road Utility Vehicles is prohibited on the Showground unless they have been authorised for use by the Society.

Drivers must not be under the influence of alcohol or drugs (prescription or otherwise) and anyone considered to be a danger to themselves or others may be removed from the Showground or car parks and the Police will be informed.

Complaints in relation to the way a vehicle is driven on site should be reported to the Operations Manager, the Facilities Manager or Event Safety Officer.

## **Risk Assessment**

A Risk Assessment has been prepared by the Society that identifies potential hazards that could pose a risk during the build-up, breakdown and when the Show is open to the public and the controls in place to remove or reduce the risks. A copy of the risk assessment is available on request from the Operations Manager.

**The Risk Assessment is a legal document and will be made available in the event of any subsequent claim or investigation against the YAS or an exhibitor or contractor for negligence or damages arising from any act or incident at the Great Yorkshire Show.**

## **Other Arrangements**

### **Storage**

Exhibitors or contractors are not permitted to store items or equipment on the showground particularly hazardous substances unless prior agreement has been reached with the Show and Trade Stands Coordinator prior to the Show or it forms part of the contractual arrangements for the Show. Any items that are stored must be stored in accordance with specific instructions outlined by the YAS and must be stored safely. Liquid Petroleum Gas (LPG) and other flammable items must be stored safely and at least 2 meters from a vehicle, building or structure. Exhibitors and contractors must ensure that the storage of any items or equipment does not contravene fire safety regulations.

### **Use of Barbecues**

The use of barbecues by exhibitors or contractors is not permitted within the Showground perimeter unless they form part of a legitimate trade stand demonstration and the necessary safety controls are in place. The Show & Trade Stands Officer must be notified prior to the Show if a barbecue is to be used and approval given in writing. The use of barbecues in the cattle sheds is strictly prohibited.

Disposable and gas barbecues are not permitted in the Caravan and Camping areas or car parks under any circumstances as they are considered a serious fire risk.

### **Use of e-Scooters & e-Bikes**

E-Scooters and e-bikes are not permitted on the Showground at any time. If they are used on the vehicle, caravan or camping parks riders are responsible for operating their vehicles safely and in accordance with the law, and they should check the legal status of their vehicles prior to arrival. The Yorkshire Agricultural Society accepts no responsibility for loss or injury resulting from the unlawful use of vehicles on site.

## **COVID-19 and other Public Health Measures**

If you are feeling unwell before you attend the Show, you **must** stay at home. If you feel unwell when you are at the Show STOP what you are doing and go straight to the Medical Centre near White Gate.

## FOR YOUR SAFETY

Please follow any health protection measures including COVID-19 that may be in place at the Show. These are outlined in the Visitor's Code of Conduct on the Show web site.

### **HEALTH PROTECTION STATEMENT**

The Yorkshire Agricultural Society looks forward to welcoming you to the 2023 Great Yorkshire Show. In line with current government guidance on the admission of visitors to the Showground, the Code of Conduct acts to principally guide and advise you of any protocols in place during the event. The organiser's, the YAS has put in place a range of health protection measures to ensure the safety of all visitors to the Show. However, it is vitally important that everyone plays their part in making the event safe and enjoyable and we need your continued support and cooperation to achieve this. Visitors are therefore kindly reminded of the requirement to adhere to the Code of Conduct, and follow all safety requirements, to assist staff and stewards, and to help protect you and your fellow visitors.

Access around the Showground is by concrete or tarmac footpaths and roads. Some parts of the Showground are sloping and mainly grass which may be difficult for visitors with limited mobility and wheelchair users.

### **Evacuation & Safety Announcements**

In the unlikely event of an evacuation of the Showground please follow any instructions given to you by Stewards, Officials or Police Officers or over one of the public address systems. You will be directed to vacate the Showground by the nearest exit and to go to the back of the car park opposite the exit to wait for further instructions, unless advised otherwise.

If a full or partial evacuation of the Main Ring and/or White Rose Ring Grandstands or the Exhibition Halls is required, an announcement will be made over the PA system in those areas.

Please listen carefully to any safety announcement which may direct you to a specific area on or around the Showground. Evacuation should be undertaken calmly and quickly taking any personal items with you. Stewards, the Police and Officials will direct and provide you with further information. Further announcements including updates via social media may be made explaining the nature of the incident and any additional action you may be required to take.

You should not attempt to re-enter the Showground or a building until you are advised to do so for safety reasons.

### **Health & Hygiene**

Visiting The Great Yorkshire Show is an enjoyable and educational experience. However, such visits can never be free from all risks. Farm animals naturally carry a range of microorganisms, some of which may be harmful to people even when the animals appear clean and healthy.

Microorganisms such as E. coli O157 and Cryptosporidium are a particular health risk, especially for young children, expectant mothers, and the elderly.

Touching animals, consuming contaminated food or drink and contact with dirty surfaces may lead to infection if microorganisms are accidentally transferred into the stomach.

Washing hands thoroughly with soap and water immediately after contact with animals will reduce the risk of infection. Hand gels or wipes are not a substitute for washing hands with running water in an agricultural environment.

There are several permanent toilet blocks with washing facilities on the Showground and their locations are clearly indicated on the Showground map.

Always wash your hands thoroughly with soap and warm water after contact with any animal.

Animals have feelings too please respect them and keep a safe distance as a startled animal may well kick-out or bite!
