Located just five minutes off the A30, we are the ideal destination for horse owners all over Cornwall and beyond.

Our equine facilities are built to hospital standards, and our American barn type stables allow you to leave your animal with us the day before more involved procedures if required. Almost all medical or surgical procedures can be performed on site at our facilities.

Open 8.30am - 6:00pm

We also have out of hours
covered by dedicated

CATTLE

CATTLE STALLING / ENTRIES

- A stall booking system for both Dairy and Beef cattle will again be in operation to enable exhibitors to decide on the cattle to be entered at a date nearer to the Show.
- Exhibitors must however book the number of stalls required by **FRIDAY 22 APRIL. Entry forms, one per stall booked, will be forwarded and must be returned, completed, to the Secretary by 10.00 AM on MONDAY 23 MAY.** Earlier return of forms, where possible, would greatly help the office staff as it is intended that the cattle entries will be printed in the main Show Catalogue and NOT in a separate publication.
- **NON RETURN OF THE ENTRY FORM(S) BY 23 MAY WILL RESULT IN ALL FEES BEING FORFEITED AND NO ENTRY SUBSTITUTIONS WILL BE POSSIBLE AFTER THIS DATE.**
- Entries for pairs / groups and Specials **A528, A588, A595 & A597 MUST** be made when stalls are booked, and entry forms will be forwarded as above. **Relevant lactation certificates, or photocopies, to accompany the entry form for each animal and please note that NO alterations to entries for these special prizes will be possible after 23 May.**
- No Exhibitor may book more than twelve stalls for any one breed and **ONLY THREE ANIMALS MAY BE SHOWN BY AN EXHIBITOR IN ANY ONE CLASS.**
- Separate stalls must be reserved, and paid for, for **ALL CALVES AT FOOT OVER 3 MONTHS OF AGE.** This also applies if a 2nd stall for large bulls etc. is required.
- A 50% refund on the stall fee will be made for cancellations received, in writing by **MONDAY 16 MAY.**
- The Association reserves the right to reduce the number of stalls booked if necessary.
- One entry fee is payable per pair/group, **NOT** one per animal.
- Entry Fees are **NOT** payable for Special Prizes.
- Exhibitors' passes and other details will be forwarded prior to the Show, but cattle neck numbers must be collected from the Cattle Stewards Office.
- All Cattle Exhibitors to wear the Official Breed Uniform or white coats when showing and parading cattle.
- As in 2019 only the trophies for the Supreme Beef and Supreme Dairy Champion, plus the President's Trophy will be presented in the Main Ring during the second day Grand Parade. All other trophies will be presented at the time of the judging of the relevant class or special prize.

Arrival and Movement of Cattle to/from the Showground

The stock must remain until the Grand Parade of livestock has returned to the stock lines on Saturday 11 June.
- **Licensing & Documentation:** Animals entering the showground must present the following documents on arrival: **BCMS Passport.** This applies to all cattle, including calves, for show or exhibition. The Royal Cornwall Agricultural Association will electronically record all movements onto and off the Showground. Barcode labels will be placed on the movement summary page. Passports to be collected between 10 am & 12 noon on Saturday 11 June from the Cattle Stewards Office. If not collected by 12 noon the remaining passports will be returned to the Secretary's Office for collection.

It's never the right time to need a new knee! However, at Nuffield Health you can fit your treatment around your work, rest and play.

At Nuffield Health Plymouth Hospital, we know that hips and knees are designed to last a lifetime, but injury, accidents and osteoarthritis can leave your joints worn out and very painful. Hip and knee joints need to function well to perform the most basic and everyday movements, including standing, walking, running, bending and stretching.

Wear and tear can happen naturally over time and in some cases surgery, including hip resurfacing, hip replacements and knee replacements, may be the best course of action.

Farming often involves significant exercise such as walking and heavy lifting over long hours – this can contribute to the degeneration in hips and knees. We often operate on patients that work in the farming industry and a common theme we hear back from this group is that time is precious, and timing is everything! By choosing to go privately with Nuffield it allowed them to have their operation at a time that was convenient to them and their farming schedules. Whether it be at the end of the lambing season or just after the harvest, our patients can pick exactly when they want their operation!

Positioned in Plymouth, Nuffield Hospital is conveniently located for patients from all over Devon and Cornwall.

At our Plymouth Hospital we have orthopaedic consultants covering all areas of the body, so you can be assured that we have the right expert on hand to help you.

About Nuffield Health Plymouth Hospital

Located in the Derriford area of Plymouth, Nuffield Health Plymouth Hospital has built an excellent reputation of providing first class clinical care since opening its' doors in 1971. Our traditional matron-led nursing team provide 24-hour care that's tailored to your individual needs, whilst ensuring the highest of hygiene standards are maintained.

You can choose your own expert consultant who will guide you through your treatment journey, overseeing your complete recovery. We offer a special focus in the areas of orthopaedic surgery, cosmetic surgery, diagnostic imaging and women's health.

We take great pride in maintaining your privacy and dignity at all times, ensuring you're as comfortable and relaxed as possible throughout your stay with us in Plymouth.

Four Signs you may need a new knee

1. Pain points

Pain with activity.

Pain that comes on with activity and limits what you can do is a clear signal to seek help.

Delayed pain.

Pain that comes on after activity, also known as 'payback pain', can be a warning that your knee isn't performing as it should.

Pain that interrupts sleep.

If you find knee pain prevents you from falling asleep or you wake up because of pain caused by your movements during sleep – talk to someone about it.

2. Visual changes

The way your knee looks can be just as important as the way it feels. Changes in the appearance of your knee can be a sign of inflammation. If your leg swells or looks markedly different from the other, then it may be time to speak with a specialist.

3. Limited movement

Difficulty sitting down in a low seat such as in a car or cinema because your knee refuses to bend is a common sign of osteoarthritis. Seizing or catching of the joint during movement can also indicate advanced deterioration or that a loose bone fragment has become lodged in the joint.

4. Lifestyle limitations

Any symptom that prevents or limits your ability to do the things you love, is cause for concern. With a little help, a bad knee doesn't have to impact your quality of life.

All Cups and Trophies must be signed for prior to their collection. A Trophy that can be won outright i.e. after being won 3 times in succession or any 4 times etc., can only be so won if the exhibitors name or combination of names on the Entry Form is the same for each relevant year of entry. Inter-Breed Awards for Cattle Championships and Special Prizes will only be judged from the Breed Winners (2nd prize winners will not be eligible).

Penalties

11. As the non-exhibition of Animals entered for the Show causes unnecessary preparation and expense and disarranges the Showground, any person entering Stock and failing to exhibit shall pay a penalty of £5.00 for each entry unless a certificate under the hand of the Exhibitor or his authorised Agent be lodged with the Secretary of the Association before the day of the Exhibition certifying that non-exhibition is caused by:

- (1) the death of the animal or animals
- (2) contagious or infectious diseases (confirmed by the explanatory certificate of a Veterinary Surgeon) or
- (3) it's becoming ineligible for the class in which it has been entered.

Every exhibitor shall indemnify the Association against all actions, claims, proceedings and demands by any person, company

or other representative body of whatsoever nature in respect of any matter, directly or indirectly connected with the bringing onto the Association's Showground of any animal which may have been suffering from any contagious or infectious disease or which develops such a disease whilst on the Showground and in addition the exhibitor shall pay all costs and expenses incurred by the Association in connection with any such claim. The Association's Veterinary Officers are authorised to refuse permission for any animal to be admitted to, or to have removed from, the Showground any animals affected with contagious or infectious disease or with disease which, in their opinion, was likely to prove dangerous to other animals. The owner or stockperson in charge of such animal may obtain, if desired, a certificate in writing from the Association's Veterinary Officer, stating the nature of such disease or infection. Concealment of disease will render the exhibitor liable to disqualification in accordance with regulation 9. The Stewards, on the recommendation of the Association's Veterinary Officers shall have the power to remove from the Showground any unruly, vicious, deformed or diseased animals, and also the stock, implements or miscellaneous articles belonging to any exhibitor who refuses to comply with the instructions given to them by the Stewards without any responsibility attaching to them or to the Association in consequence of such removal.

12. All objections must be lodged, in writing, with the Secretary not later than five o'clock in the afternoon of the day on which the award affected has been made. If, however the protest applies to fraudulent entry or description, it will be accepted if made within seven days of the closing day of the Show. The Objector must state the specific grounds on which the objection is made and at the same time deposit a sum of £30 with the Secretary. Protests involving measurement certificates must be dealt with in accordance with the rules of Joint Measurements Scheme and the requisite deposit lodged at the same time.

All objections will be considered by a Committee, normally chaired by the Honorary Show Director, and consisting of not less than three other members of Council, one of whom should, if possible, be a steward of the section affected. The Committee may require and receive such evidence as they think fit and in particular may require the objector or the exhibitor of any animal in respect of which such a protest was lodged to make a statutory declaration upon any question of fact concerning the matters of such objection. The decision of the Committee who determine the objection shall be final and binding and the objector shall, by lodging the objection, be taken to agree that such decisions shall be final and binding upon him or her and that no appeal therefrom shall lie upon any ground whatever. If the objection is determined against the objector his or her deposit shall be forfeited unless in the opinion of the Committee when determining the objection, when they may then order the return of the deposit. If the objection be determined against the objector he or she may also be liable to the Society for the amount of costs and expenses occasioned by the objection and the determination thereof, unless in the opinion of the Committee who determine the objection there existed good and reasonable ground for objection, when they may order to the contrary.

Adjudication of Prizes

13. In awarding the Prizes to **Cattle, Sheep and Pigs**, the Judges are particularly instructed not to take into consideration the present value to the **Butcher** of the animal exhibited, but to decide according to their relative merit for the purpose of **Breeding**. They are also instructed to take into consideration the relative age of the different animals in each class.

The Judges may withhold any prize where there is evident want of merit. Where there is only one Exhibit or pen of Exhibits shown in a Class the Judges may award the first, second or third prize according to the merit of the Exhibit or Exhibits exhibited. **No Second Prizes** will be awarded if there are not four entries in a class, unless the Judges shall recommend such Second or Third Prizes on the ground of **Special Merit**.

The Judges are instructed to select a reserve exhibit in each class, provided there is sufficient merit, in case an exhibit to which a prize has been awarded shall be disqualified.

No **Exhibitor** or other person, except the Stewards will be allowed to go near the Judges while making the awards.

Tampering and Malpractice

15. Any artificial contrivance or device of any description found on or proved to have been used on an animal at any time whilst that animal is in the Showground, either for preventing the flow of milk or for any other improper purpose, will disqualify that animal from being awarded a prize, and any prize awarded prior to discovery will be forfeited. The Instigator or The Owner of the said animal may be prohibited from again entering Stock for any of the Association's Shows, for such period as the Council may see fit. For the purpose of this Regulation, the term 'improper practice' shall be held to include setting of teats, and generally any other practice including tampering of their own or any other animal by the exhibitor or any other person which results in the animals being shown other than in a natural state, and the Association reserves the right to have all animals inspected by the Association's Veterinary Officers, either prior to, during, or after judging. The overstocking of udders is to be strongly discouraged and exhibitors are liable to inspection by the Association's Veterinary Officers. The Association will not tolerate the administration to show exhibits (entered either for competition or sale/demonstration) of tranquillisers or other drugs which may in any way affect the performance of the animal in question to have the effect of making it behave in the show ring in a manner which is not natural. The Association reserves the right to take any necessary samples. Any Person or Exhibitor (or his representative) who is found to have administered or permitted the administration of any such tranquilliser or drugs to any Show exhibit will be reported to the Committee, and dealt with at their discretion. In addition the matter will be referred to the appropriate Breed Society or Organisation. Any Exhibitor wishing to lodge an objection, having reference to Livestock exhibited at this Show, must make the same in accordance with the objection requirements (Rule 12) of the Association. If, on investigation, the objection is not sustained to the satisfaction of the Committee, the sum thus deposited shall, at the discretion of the Committee, be forfeited to the funds of the Association. All objections must be lodged on the same day as the alleged incident occurred in accordance with the objection regulations, and no objection will be SUBSEQUENTLY received, unless a reason, satisfactory to the Committee be assigned for the delay.

Anyone exhibiting a stallion must take adequate precautions to ensure the safety of other people and animals.

EXHIBITORS MAY ONLY ENTER A MAXIMUM OF THREE ANIMALS IN ANY ONE CLASS.

All competitors must wear a protective helmet manufactured to the current approved BSI or European Standard. Such headgear must be worn with the chin strap correctly and securely fastened at all times. Any variation to this ruling is solely at the exhibitors' risk. The use of helmet mounted cameras at British Showjumping Events **is not allowed.**

No horse may be exercised other than in a collecting ring or the designated exercise area within the lorry park.

No horse should be left unattended other than when securely contained within a horse vehicle or stable.

No member shall allow a stallion for which he/she is responsible as owner, lessee, authorised agent or rider to compete or be prepared to compete, in any show jumping competition without taking adequate precautions to ensure other members of the public are not put at risk of injury.

The Association reserves the right to restrict the number of entries in any class.

During Jumping Competitions, three Competitors must always be ready to enter the Ring. If a Competitor does not respond when his 'Order Number' is called, he loses his turn and the Horse bearing the Number called may be eliminated.

There will be a time limit for all Jumping Competitions. The time limit for each competition will be announced before the competition starts. Automatic timing apparatus will be in operation.

Exhibitors wishing to be supplied with horse boxes must apply on or before **6 May**, paying the additional fees for each box, i.e., £42.00 per night to include straw. The proviso is that if boxes are oversubscribed the Association reserves the right to restrict the booking of stables for those exhibitors only showing on one day. Boxes will include drop hessian fronts.

The Association reserves the right to take blood samples from any animal exhibited.

Any animal which shows evidence of ringworm should not be sent to the Show. Any animal found to be affected will, on the Certificate of the Association's Veterinary Officers, be disqualified from competition and must be removed from the Showground.

All cows shall have had a fully developed Calf within six months of the Exhibition or shall be in-calf at the time of the Exhibition and in the case of both Cows and Heifers exhibited as being in-calf, the prizes will not be paid to the Exhibitor of any in-calf Cow or Heifer not in-milk, until such time as the animal has been certified to have produced a fully developed calf.

Animals which calve or show evidence of calving whilst at the Showground must be placed in the isolation accommodation pending their possible early removal from the Showground.

Where an animal calves at full term, and the owner arranges for a blood sample and vaginal swab to be taken and examined at an approved laboratory, and Rose Bengal Plate Test (RBPT) and a microscopical examination of a smear made from the vaginal swab are negative, the animal may return to the Show lines at the discretion of the Show Secretary.

Where an animal calves prematurely or aborts, the DVO must be informed immediately. The animal must be returned home TOGETHER WITH ALL OTHER SHOW ANIMALS FROM THE SAME REGISTERED PREMISES after a full range of samples has been taken. The suspect animal must be isolated during transit.

If, whilst in the Showground a cow calves either at full term or prematurely or aborts or show signs of aborting and the Exhibitor or his Stockpersons fails to inform the Association's Veterinary Surgeons, that Exhibitor, if proved to have infringed this regulation will be liable, at the discretion of the Council of the Association to a LIFE-TIME BAN from exhibiting at any future shows held by the Royal Cornwall Agricultural Association.

All Cattle must be properly secured to the satisfaction of the Officials of the Association on being brought to the entrance of the Showground or they may not be admitted. Whilst stalled at the show it is suggested that all cattle are double tied.

Livestock must be under the control of a competent handler at all times and they must use approved restraints which are safe and fit for purpose. Movements on the showground include areas used by the public and also when going from the Exhibition Halls to the judging rings and handlers must ensure adequate safeguards are in place to prevent an animal from escaping.

All Bulls over 10 months old must have a permanent ring attached to the nose and must be provided with a strong chain or rope and to be led. Use of the bulldog can be used for younger cattle, if felt appropriate.

The Dams of All Bulls (Dairy Breeds) entered for the Inspection Classes must be qualified in accordance with the requirements of the respective Breed Society.

If 10 or more entries are forward at the Show, Breed Classes will automatically be staged for 2023. If less than 10 entries are forward, the Breed will revert back to the Any Other Pure Breed Section for 2023.

Within the Breed Sections, if less than 10 entries are forward, the Association is likely to discontinue the classes for the following year and entries would only then be eligible for the 'Any Other Pure Breed' Section.
