Equine Influenza Update:

In order to attend the 2019 Stithians Show all horses & ponies must have been vaccinated for Equine Influenza to comply with the requirements of the primary course (1st vaccination and then 2nd vaccination between 21 – 92 days later), followed by the first booster (150 – 215 days) and all subsequent boosters. Horses may compete having received the primary course and prior to the first booster but not within 7 days of receiving a vaccine dose. Horses must have been vaccinated within 6 months before the show but not less than 7 days of arriving at the show.

Foals

In-foal mares that have already had vaccinations of primary Equine Influenza course should be vaccinated 4-6 weeks before the foal is due to be born. Foals should be vaccinated for Equine Influenza at 6 months to commence their primary course.

We urge all owners to adhere to strict biosecurity protocols at all times. Vaccinations are subject to local risk assessments by the attending veterinarians. Please note that neither vaccination certificates nor passports should be sent to the show office prior to the event. However, ransom checks will be carried out on the showground during the show.

Health and Safety Policy

Health and Safety at Work etc. Act 1974 the
management of Health and Safety
at Work Regulations 1999.

We commit to operating the Association in accordance with the Health and Safety at Work Act 1974 and all applicable Regulations and Legislation made under the Act 'So far as is reasonably practicable'.

Our policy is to provide and maintain safe and healthy working conditions, equipment and systems of work for all our employees, volunteers and the general public, and to provide such information, training and supervision as they need for this purpose. We also accept our responsibility for the health and safety of other people who may be affected by our activities.

The Association encourages family participation and therefore acknowledges the increased risks to young and/or inexperienced volunteers.

The Board of Trustees acknowledge that Health and Safety responsibilities within the Association are of equal importance as other priorities.

Although the Board of Trustees accept responsibility for the implementation of this policy, it relies on individual employees/volunteers to accept their own duty and responsibility to themselves, fellow workers and others who might be injured/affected by their acts or omissions.

The allocation of duties for safety matters and the particular arrangements that we will make to implement the policy are set out below.

The policy will be kept up to date, particularly if the Association's activities change in nature and size. To ensure this, the policy and the way in which it has operated will be monitored and reviewed every year or more frequently if required.
