Exhibitors must undertake a suitable and sufficient risk assessment covering the movement, display and operation of their exhibit on the showground, including participation in the parade.

All vehicles and machinery must be operated only by competent persons with appropriate experience of the exhibit being used.

Where vehicles are manoeuvring, positioning or reversing, a competent banksman must be used where there is a risk to pedestrians.

Totnes & District Show reserves the right to stop the operation or remove any exhibit considered to present an unacceptable risk to health or safety.

Engines must not be run in a manner that could lead to a build-up of exhaust fumes in enclosed or partially enclosed areas.

All vehicles and working machines, including vehicles which are not self-propelled, must be insured against third party risks whilst on the showground. Please ensure that your policy covers off road and display usage.

Steam engines and exhibits with pressure boilers or vessels must ensure that they are in receipt of their insurance certificate and annual boiler inspection.

Exhibitors must ensure that all drivers of exhibits not excluded from use on the public highway, meet the requirements of The Road Traffic Act and conditions of the Licensing Authority (no underage drivers) for the class of vehicle involved.
